Invitation

It is our great pleasure to invite you to Průhonice near Prague, for the 7th Conference on Elementary Processes in Atomic Systems that will be held in September 3-6, 2017. The conference main topics cover electron-molecule and electron-atom collisions, photoprocesses in atomic and molecular systems, heavy particle (atom or ion) collisions, processes with nano-sized systems and surface interactions.

Dr. Roman Čurík
Chair of CEPAS 2017
J. Heyrovský Institute of Physical Chemistry
Dolejškova 3, 18223 Prague 8
